

CLUB NEWS

THE CLUB AT LA PENINSULA

APRIL 2020

EDITOR DR BOB WHITE

COURTESY OF BOB WHITE

We are living through very challenging times and feel blessed to be spending our self isolation at La Peninsula.

As we all wait, watch, and pray for better news on the horizon, we keep busy keeping social distancing and enjoy walks on our magnificent seawall walkway. Many dolphin sightings as well as a few manatees.

At night, we have seen a few green flashes as we watch the sun set with hopes and dreams of a better tomorrow.

La PENINSULA WEBSITE

new edition revised and easy to use

Mike Meiresonne (200) and Sarah Bixler (100)

Have been working hard on a new site for us. We greatly appreciate all their time and efforts. Now its our time to sign up and enjoy their work

From Mike

Our website, www.lapeninsula.org has been relaunched and we are looking for suggestions, opinions, and any photos to be added!!!

We will be expanding additional features and content in the next month.

Please send to Mike
at mikem@iqsdirectory.com! Thanks

From the President Dr. David Petrella

Subject: Pool Closure - Best Practices

Dear Members,

The Board of Directors understands that the pool, spa, exercise room, and clubhouse are one of the few places left for recreation and exercise at this difficult time, however, protecting the health of our residents is paramount.

Therefore, the Board has decided to close the pool, spa, exercise room, and clubhouse immediately. It will remain closed until further notice.

The pool gates will be locked, heaters to spa and pool turned off, and furniture will be stowed away. Owners and residents are asked to please abide by the closure and avoid the area until it can be re-opened.

The Board asks that residents continue to practice social distancing, sound personal hygiene, and please minimize trips in public, and stay at home as much as possible, especially if displaying any symptoms of illness. This does not mean residents cannot walk their dogs, or take a stroll, however, please avoid congregating, and remember we must do all we can to protect the most vulnerable among us.

Please report to the Board if you or your guests have been tested positive for the virus and be advised that the Governor has ordered self-quarantine for 14 days for anyone traveling from New York, or other highly infected areas, especially where travel is by airlines to the State of Florida.

Together, we can stop the spread. Let us all do our part.

Update as of April 3 2020 the Florida Governor has imposed a stay in place order

Please abide by all rules and directions

Dr Marc Feldman celebrating his 70th birthday

Looking for the **green flash!**

Looking ahead to the new normal times
Stay well!
